## BROAD LEAF EVERGREENS

**BOLENS CHOICE CAMELLIA.** Named varieties. Delightful winter flowering evergreen. Commonly called Japonica. A great favorite in the gardens of the lower south.

For a number of years we have diligently collected Camellias from many sources, by purchasing cuttings from choice varieties, and we are now able to offer our customers a descriptive named list that we are very proud of.

**GLOIRE DE NANTES.** Flowers very large, semi-double cerise, center filled with long yellow stamens. Beautiful large dark green foliage that makes the plant unusually attractive as an evergreen. The blooms stand out above the foliage in a way that we have not seen in other varieties. This is the largest of the red varieties we know of, and attracts much attention when in bloom.

## BRED UP PAPER SHELL PECAN TREES.

We have them as fine as can be grown. Varieties: Stuart, Success, Schley and Hale.

It is a good investment to buy thrifty nursery grown pecan trees. Our grafting stock is selected from heavy bearing trees of the best varieties. Our trees when properly cared for will continue to increase in value, and other crops may be grown to advantage among the trees. **BUY RELIABLE PECAN TREES AND BE A SATISFIED CUSTOMER.**

**STUART**—One of the best known of all the Pecans. Extremely hardy and a strong grower, heavy bearer nuts good size, plump and well filled.

**SUCCESS**—Tree of good sturdy growth and heavy bearer. Nut plump and of excellent flavor. Thin shell and cracks readily.

**SCHLEY**—Shell very thin, kernel rich and plump with high flavor. Considered one of the best for eating, but not so hardy as the Stuart and Success.

**HALE**—Shell very thin. Nut plump. Good flavor.
